## *How Can You Tell The Truth and Stay Alive?* Twelve Points From The Solari Report ~ December 3, 2009

1. Appreciate that you do not know the truth.
2. Understand the Red Button story.
3. Be useful.
4. Take the time to understand what increases and reduces risk for others.
5. Assume people are smart rather than stupid.
6. If you are working or dealing inside the matrix, discretion or withdrawal is usually more effective than confrontation.
7. Be slow to anger.
8. Avoid the fake fights and divide and conquer games.
9. Ask questions.
10. Mind control technology is very real.
11. When you can, support people who tell the truth.
12. There is power in community; there is power in prayer.
